1. Definition & Aims

RSE is defined as the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity. It involves a combination of sharing information and exploring issues and values. RSE is **not** about the promotion of sexual activity but of a greater understanding of the ways to safe in this area. Whilst knowledge of biology and the reproductive system is important RSE is concerned with attitudes and values, personal and social skills, respect for self and others, family, stable loving relationships, feelings, gender roles and decision making. It is taught as part of the broader PSHE curriculum, through citizenship and the pastoral calendar.

The aims of relationships and sex education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence, tolerance and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

Effective RSE is a key component in our approach to safeguarding our pupils through the curriculum.

2. Statutory requirements

As a secondary academy school we must provide RSE to all pupils as per section 34 of the [Children and Social Work Act 2017](#).

In teaching RSE, we are required by our funding agreements to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

This policy has also been written with reference to the Equality Act 2010 and the protected characteristics within this; age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation.

At Queen Elizabeth Grammar School we teach RSE as set out in this policy.

Please refer to our funding agreement and articles of association for further information.

3. Policy development

This policy does not represent any significant change to the RSE curriculum at QEGS, but rather has been updated to reflect the new government guidance, as effective from September 2020. Any future changes to the RSE curriculum at QEGS will be developed and implemented in consultation with parents, students, staff and governors.

4. Curriculum (What we Teach)

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

This curriculum has been developed over time in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

- **Year 7:** A unit on relationships, taught in citizenship lessons looks at developing self-esteem, and concentrates on establishing friendships, resolving conflict and understanding what makes a family. We look at diverse family relationships including marriage. We encourage openness and awareness of

difference and inform students where to get further support. Health and wellbeing also looks at hygiene and body image. Students also study puberty, the changing body, and sexual development. In science lessons, pupils will study the anatomy of sex organs in plants and animals, fertilisation in different organisms, foetal development, birth and the physical process of the menstrual cycle.

- **Year 8:** In citizenship lessons there is discussion and support on how to cope with change within themselves and in relationships, on sexual attraction and on understanding what the characteristics of a positive healthy relationship are as well as considering the signs of unhealthy relationships and knowing where to look for support. A safeguarding unit deals with understanding and challenging prejudice and discrimination. Students also learn about internet/media sources, analysis and safety both in citizenship and computer science lessons.
- **Year 9:** Delivered through two citizenship days, students explore the positives and negatives of sex. Awareness of internet safety is developed as well as factual information on STIs and contraception. Pupils are signposted to reliable and independent support regarding all aspects of sexual health, including safeguarding. This includes websites such as CEOP, ChildLine and NHS services. We are involved in the police initiative “Chelsea’s Choice” which looks at Child Sexual Exploitation. Students watch a live performance and take part in follow-up discussions.
- **Years 10 and 11:** During citizenship days, further discussion and workshops are given on issues such as discrimination, homophobia, biphobia, transphobia and sexual consent. We seek to develop the students’ understanding and awareness of the dangers of on-line sexual exploitation and of an individual’s personal responsibilities and empowerment within sexual relationships. Cumbria Sexual Health Clinic contribute to these citizenship days. In GCSE RE the unit on family and relationships covers the moral and ethical implications of marriage, divorce, sexuality and co-habitation as well as family life in the UK. A unit on Life covers other moral and ethical aspects of abortion and differing views towards it. In GCSE biology students will look at hormones in human reproduction, which includes fertility treatment, control of sexual development at puberty and the hormonal control of the menstrual cycle and contraception treatments. They are asked to look at scientific and social and ethical arguments for and against different methods of contraception and also evaluate how hormones are used in fertility treatment from the perspective of both patient and medical practitioner.
- **Years 12 and 13:** As part of the compulsory enrichment programme, students will discuss and reflect upon some key moral issues and questions around sexuality, gender, prejudice, risk-taking behaviour, sexual exploitation and relationships. Visiting speakers provide expert insight and opinion. Discussion and exploration of gender and sexual identity will take place in all year groups, at an age-appropriate level.

5. Delivery of RSE

RSE is taught within the PSHE units of Citizenship lessons in Year 7 and 8 (70-80 minutes a fortnight). Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE). RSE is also discussed in assemblies and form time, as per the pastoral calendar. In Year 9-11 students take part in several citizenship days that cover the RSE curriculum.

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- Families
- Respectful relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see Appendices 1 and 2. These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBTQ+ parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

6. Roles and responsibilities

6.1 The governing board

The governing board will approve the RSE policy and hold the Headteacher to account for its implementation.

6.2 The Headteacher

The Headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory components of RSE (see section 8).

6.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

Mrs Kerry Davies (Head of Citizenship) is responsible for managing the teaching of RSE at QEGS and this is overseen by the Assistant Headteacher – Pastoral, the Assistant Headteacher for Teaching and Learning, and the Headteacher.

6.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

6.5 Parents and Carers

We are committed to working with parents and carers. Parents and carers are invited to contact the school directly with any queries or concerns. The resources used are also available upon request.

7. Parents' right to withdraw

Parents have a right to withdraw their child from the non-statutory elements of sex education within RSE. From this point on however, these elements will no longer be distinct units/lessons as sexual health and sexual education overlap, in line with statutory guidance. The decision to withdraw is that of the parent up

until three terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the Headteacher. A copy of withdrawal requests will be placed in the pupil's educational record. The Headteacher will meet with parents and discuss their request, taking the appropriate action.

If a parent or carer requests that their child be removed from sex education, the school will provide support by ensuring the child understands that if they have any questions they may still speak with a member of staff directly.

Parents are reminded that the changes in government guidance from September 2020 reflect the Department of Education's view that all elements of the RSE curriculum are important in helping students "to make informed decisions about their wellbeing, health and relationships as well as preparing them for a successful adult life." Parents can find further support and guidance on this at:

<https://www.gov.uk/government/publications/relationships-sex-and-health-education-guides-for-schools>

8. Training

Staff training to deliver RSE will be included in our continuing professional development calendar. There are scheduled tutor meetings for the planning and delivery of the pastoral calendar. Members of staff who lead sessions on citizenship days can have training through the Curriculum Lead, Mrs Davies.

The Curriculum Lead will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

All staff receive safeguarding training and updates annually.

9. Monitoring arrangements

The delivery of RSE is monitored by the Assistant Headteachers – Pastoral and Teaching and Learning through:

- Regular planning meetings and discussion with the Curriculum Lead
- Learning Walks
- Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems. We do not currently give progress data for RSE.
- This policy will be reviewed by the Assistant Headteachers for Pastoral and Teaching and Learning every year. At every review, the policy will be approved by the Headteacher

Appendix 1: QEGS Citizenship RSE Curriculum Map

Expectation	When studied?	Supported by:
<p>Families</p> <ul style="list-style-type: none"> • Different types of committed, stable relationships. • How these relationships might contribute to human happiness and their importance for bringing up children. • What marriage is, including their legal status e.g. that marriage carries legal rights and protections not available to couples who are cohabiting or who have married, for example, in an unregistered religious ceremony. • Why marriage is an important relationship choice for many couples and why it must be freely entered into. • The characteristics and legal status of other types of long-term relationships. • The roles and responsibilities of parents with respect to raising of children, including the characteristics of successful parenting. • How to: determine whether other children, adults or sources of information are trustworthy: judge when a family, friend, intimate or other relationship is unsafe (and to recognise this in others 'relationships); and, how to seek help or advice, including reporting concerns about others, if needed. 	<p>YEAR 7</p> <p>Relationships unit</p> <ul style="list-style-type: none"> • Understanding the nature and diversity of relationships marriage and family life. <p>YEAR 8</p> <p>Relationships unit</p> <ul style="list-style-type: none"> • Understanding how intimate relationships develop and co-habitation and marriage. <p>In both years signposted to where to report or seek advice on the internet.</p>	<p>RE GCSE course Marriage & Family</p> <p>Sixth Form Assembly about how to access help and unhealthy relationships.</p> <p>Regular talks on domestic abuse.</p>
<p>Friendship</p> <ul style="list-style-type: none"> • The characteristics of positive and healthy friendships (in all contexts, including online) including: trust, respect, honesty, kindness, generosity, boundaries, privacy, consent and the management of conflict, reconciliation and ending relationships. This includes different (non-sexual) types of relationship. • The practical steps they can take in a range of different contexts to improve or support respectful relationships. • How stereotypes, in particular stereotypes based on sex, gender, 	<p>YEAR 7</p> <p>Relationships unit</p> <ul style="list-style-type: none"> • Understanding friendship, making new friends and dealing with conflict and bullying. • Year 7 poster competition the power of the up-stander (reporting bullying). <p>YEAR 8</p> <p>Safeguarding unit</p> <ul style="list-style-type: none"> • Understanding prejudice and discrimination 	<p>TUTOR TIME</p> <p>ASSEMBLIES</p> <p>Sixth Form – lectures on consent, stereotypes, stonewall – gender discrimination BLESMA Lecture on overcoming adversity and the impact of disability</p>

<p>race, religion, sexual orientation or disability, can cause damage (e.g. how they might normalise non-consensual behaviour or encourage prejudice).</p> <ul style="list-style-type: none"> • That in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including people in positions of authority and due tolerance of other people's beliefs. • About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders to report bullying and how and where to get help. • That some types of behaviour within relationships are criminal, including violent behaviour and coercive control. • What constitutes sexual harassment and sexual violence and why these are always unacceptable. • The legal rights and responsibilities regarding equality (particularly with reference to the protected characteristics as defined in the Equality Act 2010) and that everyone is unique and equal. 	<p>YEAR 9 Citizenship Days</p> <ul style="list-style-type: none"> • Love Rocks NSPCC: Relationships and consent including how to recognise coercive behaviour and harassment. <p>Citizenship Days</p> <ul style="list-style-type: none"> • Dealing with stereotypes: What is it like to be Refugee?
