

Mark making with biro, pencil, white & black pencil crayon

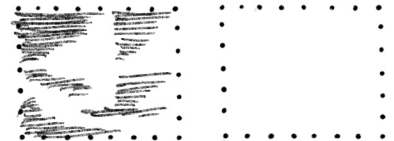

Short marks

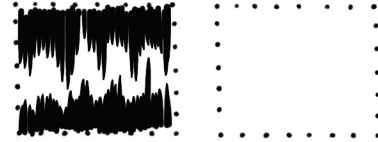

Short marks + dots + 4B pencil (smudged)

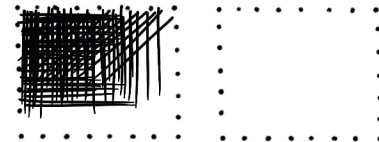

(good for water)

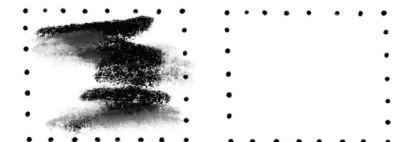

fine, consistent lines in biro / white pencil

Fucking vertical lines with black pencil crayon. Highlights added with white pencil.

Cross hatching with pencil crayon

Smudging shading with side of black / white pencil crayon.

Use all methods for this (except crosshatching)

Use cross hatching, short marks, smudging with pencil crayon.

Key Terms

Consistent lines — straight parallel lines.

Cross hatching — straight lines that cross over each other. The closer the lines the darker the shade.
